The Power of 10 is brought to you by: Bergen Engines AS (formerly Rolls-Royce Bergen Engines AS) of Norway; Marelli Motori SRL, Italy and Piller Group GmbH Germany.

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are ...

Equipped with IP54 protection and liquid cooling, it can thrive in harsh environments. Ideal for factories, data centers, or EV charging hubs, it ensures uninterrupted power supply, improves power quality, ...

One cabinet per site is sufficient thanks to ultra-high energy density and efficiency. The eMIMO architecture supports multiple input (grid, PV, genset) and output (12/24/48/57 V DC, 24/36/220 V ...

Expand capacity effortlessly by connecting multiple units, making it adaptable to scenarios ranging from power generation to user-side needs. Experience the future of energy storage with exceptional ...

The Power of 10 is a proven "cookie cutter" solution offering true primary baseload and backup power that is totally independent from the grid. It is the ideal solution for large users seeking ...

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Bergen 10MW+ Gensets, deployed as modular building blocks are the true grid replacement option for the rapid construction of large scale Microgrids. Gensets perform equally well for continuous load ...

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.
