What is a dmeps-16ka outdoor power cabinet?

DongAh Elecomm's all-in-one DMPS-16KA high efficiency outdoor power cabinet accommodates a power shelf, batteries and customer equipment for a compact and economical solution for 3G/4G (LTE) mobile networks.

Why should you choose a Dongah elecomm DC power system?

The dustproof, waterproof cabinet protects vital equipment inside from radiated heat, vermin and environmental elements. DongAh Elecomm's DC Power standalone systems allow for simple network deployment and support telecom infrastructure with low impact, environmentally friendly energy solutions.

How reliable is dmeps-16ka power system?

The DMPS-16KA is being used by one of Thailand's top service providers for their 3G and 4G mobile network upgrade. Reliability was a major factor in its selection. The power system must withstand Thailand's hot and humid climate and seasonal tropical monsoons. The power cabinets are being deployed to rural areas (as seen here).

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...

We offer full customization of cabinet dimensions, internal layouts, cutout positions, structural reinforcements, and surface coatings to perfectly match your site needs.

Dual DSP design provides stable and reliable performance. Reliable parallel connection capability allows for convenient power expansion, supporting up to 12 module parallel connections.

Please advise which model number and quantity, then our sales will quote accordingly.

These products integrate the latest energy management technologies and environmentally friendly materials, aiming to promote the green transformation of communication networks from source to ...
