-----  
Are solar battery cabinets suitable for off-grid solar panels?

Our solar battery cabinets are ideal for off-grid solar panel system, with the capacity to fit up to 10 batteries |available all over Australia.

What makes an off-grid solar system reliable?

The design, sizing and programming are integral to an on or off grid power system's reliability. Poorly designed off-grid solar systems provide frustratingly unreliable power and a costly, short life span due to poor design or size, mismatched equipment, non-compliance and unsafe installation.

How do I choose the right off-grid Solar System?

There are so many options for off-grid solar, batteries, power and storage. The right system for you will depend on your energy situation, your location and what you want to achieve. To get you started, choose from the options below. Installing off-grid systems isn't as simple as installing normal solar.
