This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.

Reliable 5G base station power supply with battery backup and DC distribution. Ensures continuous, efficient power for critical telecom infrastructure.

Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO4 battery bank to provide safe, efficient, and reliable power storage.

High-performance power solutions for macro cell networks. EnerSys supports scalable, efficient energy storage for large-scale wireless infrastructure.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

Upgrade 5G base station power in outdoor, indoor, and shared cabinets with custom rectifier module solutions for efficient, scalable, and reliable performance.

As wireless networks grow, macro base stations need efficient, compact solutions. Our new RF power drivers and amplifiers deliver high power, multiband support, and cost-effective designs to enhance ...
