What is a development plan for the Yangtze River economic belt?

The issuance of the "Outline of the Development Plan for the Yangtze River Economic Belt" signifies that the Yangtze River Economic Belt has officially become a major national strategic development area and is an important engine that will lead China's economic development in the future.

How has XI influenced foreign companies to develop the Yangtze River Delta?

Scientific innovation requires international collaboration and regional coordination and what President Xi has underlined has also injected more confidence into foreign enterprises, who are set to gain more dividends from the integrated development of the Yangtze River Delta, Quan added. **STRONGER CONNECTIONS**

Can the Yangtze River economic belt perform better?

"There is no doubt that the Yangtze River Economic Belt has been among the best-performing regions, either in terms of economic growth or environmental protection. The only question is how this best-performing region can perform even better," he said.

Why are did coefficients negative in the non-Yangtze belt?

The results show that the DID coefficients are significantly negative in the non-Yangtze belt and insignificant in the Yangtze belt. The reason for this may be that the economy of the non-Yangtze River belt tends to be more underdeveloped than that of the provincial administrative areas in the Yangtze River belt.
