Whether you're seeking off-grid independence or grid-connected benefits, we provide reliable Energy Storage Solutions that ensure performance, safety, and long-term sustainability..

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Think of the Alofi system as a giant power bank for your home. It stores cheap off-peak electricity or surplus solar energy, then releases it when you need it most.

Our tech support team will be available to schedule a call and answer any questions. We know how confusing it can be to set up a solar and battery storage system and find all the right parts. That's ...

Product Features: Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other ...

Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications. If you are not sure which enclosure you should choose, please don't hesitate to email ...

"Our custom 2.4MW Alofi system in Tuvalu reduced diesel consumption by 82% - that's 6,500 liters saved daily." - EK SOLAR Project Engineer

Do you need help?

AZE's outdoor battery system is tailored for small to medium-sized commercial and industrial (C& I) energy storage applications. Its modular design not only minimizes the impact of local failures but ...

Feature highlights: This 40U/42U outdoor solar battery power storage cabinet features an IP55 rating,
