100kWh Battery, 280Ah LiFePO4 Battery, Air-cooling Energy Storage Cabinet, EV Charging Solutions.

High voltage battery always works with three phase hybrid inverters, which need a higher battery output. So we need high voltage battery solution to achieve a bigger kW power.

Designed for home energy systems, these cabinets integrate with solar panels and inverters to store excess energy generated during the day for use during peak tariff hours or power outages.

The door-mounted embedded integrated air conditioner does not occupy cabinet space, increases the available space of outdoor cabinets, has better top structural integrity and good waterproofing effect.

Intelligent BMS, providing complete protection. Support high discharge power, IP55, natural cooling, wide temperature range: -20°C to 55°C. Modular design, easy to expand. Suited to residential and ...
