Housed in a tough enclosure, our solution provides reliable, lightweight, and compact energy storage for uninterrupted power supply (UPS) systems. Battery cabinets are designed to hold batteries used to ...

The Vertiv Liebert GXT5-EBC48VRT2U is a hot-swappable, lead-acid UPS battery cabinet designed for use with Liebert GXT5-1500LVRT2UXL and Liebert GXT5-2000LVRT2UXL UPS systems.

Ensure uninterrupted data center operations with our intelligent energy storage system. Reduce outage risks, extend UPS runtime, cut peak power costs, and optimize grid-connected and off-grid operations.

The Schneider Electric (Lithium-ion) battery solution for three-phase UPSs is a high-value, innovative energy storage protection solution for data centers, industrial processes, and critical infrastructure.

While Vertiv was an early adopter of lithium-ion batteries for the data center, this marks the first offering with Vertiv's own battery management system. The cabinet is ready to use with most ...

From the industry leader in data center backup batteries, C& D now offers a configurable cabinet solution. In addition to our premium, reliable stationary batteries, we carry a full line of well ...

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, mobile, and field ...

With accessories designed to fit flawlessly with our racks and cabinets, as well as options to match your existing equipment, we have the solution for your network.

The tie cabinet synchronizes and parallels the output of G9000 UPSs to increase capacity up to 6000 KVA.

Canadian Data Center Battery Cabinet with Lightning Protection for Data Centers

Each dimensionally matched and color-matched tie cabinet has a main output breaker and a ...

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they ...
