Can you get free solar panels in Washington DC?

Washington D.C. is one of the few places in America where some homeowners can actually get free solar panels, if their income is below a certain threshold. Other homeowners can still save big through other incentive and rebate programs.

How much can you save on solar panels in DC?

The average D.C. solar shopper will save \$4,521 on solar panels with rebates and incentives. But act fast--the biggest incentive expires after this year. Compare multiple offers and save up to 20% Why trust EnergySage? As subject matter experts, we provide only objective information.

Does DC have a solar property tax exemption?

Yes, in addition to the rebates and incentives above, D.C. also offers a solar property tax exemption. Rooftop solar tends to raise property values, which would normally increase your property tax burden. But by D.C. law, homeowners are not taxed on any property value added by solar.
