The United Arab Emirates is building the world's largest solar and battery storage project that will dispatch clean energy 24/7.

In a remarkable advancement for renewable energy, the United Arab Emirates, under the auspices of His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the UAE, has ...

The United Arab Emirates (UAE) has launched the world's first large-scale round-the-clock gigascale energy storage project in Abu Dhabi, combining solar power and battery storage in a ...

By producing gigascale baseload energy at a globally competitive tariff for the first time, it sets a new international benchmark and reaffirms the UAE's leadership position in renewable energy ...

The UAE has launched what it says is the world's first and largest ...

The United Arab Emirates (UAE) is cementing its position as a global leader in renewable energy with the launch of the world's first giga-scale, round-the-clock solar photovoltaic ...

The United Arab Emirates (UAE) has launched the world's first and largest renewable energy project integrating solar power and battery storage, developed by Masdar and Emirates ...

Delivering up to 1 gigawatt (GW) of baseload power every day generated from renewable energy, it will be the largest combined solar and battery energy storage system (BESS) in the world.

The UAE has launched what it says is the world's first and largest 24-hour power project, combining solar photovoltaic with battery storage to deliver 1 gigawatt of baseload electricity.

In a groundbreaking announcement, the UAE has launched the world's first large-scale "round-the-clock"

Dubai ranks first in new energy storage scale

gigascale project that combines solar power and battery storage.
