Our Lithium Ion Battery Storage Cabinet is designed to provide a stable environment for lithium-ion batteries, featuring real-time temperature monitoring. The integrated ventilation system ensures that ...

Here you will find a large selection of battery cabinets - both fire-resistant safety cabinets / fire protection cabinets, but also simple battery charging cabinets without dedicated fire protection.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

De opbergkast voor lithium-ion batterijen is ontworpen om maximale veiligheid en beveiliging te bieden voor uw lithium-ion batterijen. Vervaardigd uit robuust koudgewalst plaatstaal en gecoat met anti ...

Protect your batteries and environment with our high-quality storage and charging cabinets. Specially designed for safely storing and charging Lithium-ion batteries, ideal for e-bikes, e-steps, scooters, ...

All cabinet models have ventilation holes, allowing them to be connected to a ventilation system. Forced ventilation is strongly recommended to prevent internal heat build-up or stagnation of vapors in the ...

Discover the latest lithium-ion cabinet design, featuring advanced safety measures like fireproof battery storage, perfect for residential and commercial energy storage applications.

Equipped with robust couplings, fast switching, accurate battery management and solid housing, each system offers resistant and safe energy storage, fully compliant with the PGS 37-1 directive.

Dutch lithium battery energy storage cabinet 1200mm deep

Built to handle the unique risks associated with lithium battery storage, these cabinets provide reliable protection against fires, leaks, and other hazards. Ideal for industrial, commercial, and laboratory ...
