Protect your solar batteries with our tested, waterproof enclosures today! KDM solar battery cabinets provide you with the ultimate outdoor dust-tight, watertight, and weatherproof solution for your solar ...

With a modular PCS design and front-access outdoor cabinet, it enables reliable power supply, fast deployment, and easy expansion in both on-grid and off-grid scenarios.

Maximize solar energy usage, reduce energy bills, and ensure reliable backup power. Discover advanced inverters, customizable battery capacities, and remote monitoring options with HighJoule.

It can be used with mainstream brand inverters such as Deye, and is compatible with three-phase four-wire power grids, meeting the requirements for high reliability and high adaptability energy storage.

Built with Tier 1 LFP battery cells (EVE), this system delivers safe, reliable, and long-lasting performance. Its plug-and-play design ensures fast installation and user-friendly commissioning, ...

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...

The solar battery equipment cabinets are made specifically for the solar industry with an aim to make installations safer and easier for consumers. Tailored to fit your specific needs, available in different ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Compatible with various EV models and charging standards, offering wide application versatility. Intelligent management ensures efficient charging and enhances system longevity.

Fast charging and discharging high solar battery cabinet

Energy Storage Pack QC-ENERGY-100 Safety: Equipped with EVE 102Ah LiFePO4 battery, featuring high safety, long lifespan and high energy density. High Performance: Supports up to 1C ...
