Suitable for bench or 2U rack mounting, the Z+ is a very compact programmable power supply offering power levels from 200 to 800W, voltages of up to 650V and currents of up to 72A.

We are a global leader in distribution, logistics, technical engineering, and product design with over 30 years of expertise and performance supporting the tele-communications and broadband industry.

Complete power supply units for plant engineering with high connected loads - ready-to-use control cabinets with integrated power and control systems.

TECHNICAL CHARACTERISTICS HEC V1500 - 690V ... CERTIFICATIONS Overvoltage Protection Safety AC and DC protection (type 2) IEC62109-1, IEC62109-2

Depending on the version, the power source can be installed in a control cabinet, a 19-inch housing or left open-frame (without housing), so that the power source can be easily integrated into your system.

It is suitable for three-phase AC 50Hz, rated voltage 690V and below, rated current 4000A and below, in three-phase four wire system or three-phase five wire system and other power systems, used for ...

You need electrical cabinets to regulate the central power supply of a system, or are you looking for electrical cabinets for PLCs? We carry both variations in Electrical-Cabinet Construction.

Operating within a temperature range of -20 °C to 40 °C, it ensures reliable functionality in various environments. Additionally, autonomous functions are available upon request, promising a ...

Today, BENNING is regarded as one of the leading suppliers of highly efficient power supplies for the safe operation of information and telecommunications technology systems. Individual modules of ...

Germany Communication Power Supply Cabinet 690V

Today, BENNING is regarded as one of the leading suppliers of highly efficient power supplies for the safe operation of information and telecommunications technology systems.
