At our company, we take immense pride in our cutting-edge battery technology, backed by a dedicated research and development laboratory for cell innovation. Every year, we invest millions of dollars into ...

Our innovative approach to graphene production, currently awaiting patent approval, is not only cost-effective but also opens up a world of possibilities for its application across various industries. A ...

GTCAP is a graphene battery supplier based in China. Founded in 1998, we are dedicated in researching and developing new energy storage technology, breaking through energy storage ...

Skeleton Technologies is the world's leading manufacturer of graphene-based supercapacitors. Rebuilding industry for a net-zero future.

A comprehensive overview of leading graphene companies--covering manufacturers, application specialists, and technology developers across batteries, coatings, composites, electronics, and ...

Since 1998, we provided super capacitors and graphene super capacitor energy storage system products and solutions to over 1000 customers around the world. It is the state-certified new and high ...

Graphene battery companies are pioneering next-generation energy storage solutions by leveraging graphene's superior conductivity and durability. Key players include Tesla, Samsung SDI, Huawei, ...

This revolutionary supercapacitor is already being manufactured and used at scale, and we welcome partners to implement graphene and assembly factories around the world.
