---

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. They are also used for border security, relay towers, ...

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

Affordable on- and off-grid renewable energy with LIXI Lithium battery storage for your Mauritian home and business. Partner for Deye, Growatt and MPP Solar inverters.

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

Bring clean energy home with Enovra's high-efficiency solar PV panels. Engineered for Mauritius' tropical climate, our systems integrate with your home to lower electricity bills and improve energy ...

Each system is custom-engineered for Mauritian conditions, combining cyclone-rated structures, high-efficiency panels, and intelligent hybrid inverters for reliable, long-term performance.

Mauritius has high solar irradiance, especially during the summer. This makes it an ideal place to install solar panels -- you get great energy returns on your investment.

Design, Manufacture, Supply, Installation, Testing, and Commissioning of Three Micro Grids Solar Photovoltaic (PV) and Modular Battery Energy Storage at Agalega Islands (Republic of Mauritius)
