What is an IP54 cabinet?

Prism's IP cabinet range provides ingress protection to an IP54 rating and can be deployed in areas with high dust and moisture content. All Prism IP54 enclosures are sealed or welded in construction and fitted internally with compression gaskets, providing secure apertures and...

Is IP54 suitable for outdoor applications?

IP54, just like our other IP enclosures, is suitable for outdoor applications because it is protected against low-pressure water sprays from any direction. However, keep in mind that these enclosures are not entirely dust-tight and waterproof, so very dusty or underwater environments may be too harsh for them.

What is a rated IP54 enclosure?

Enclosures rated with IP54 are protected against limited dust ingress, and from water spray from any direction. Limited dust ingress means that most dust cannot enter the enclosure, but a small quantity of it can. However, the dust that does get through is not nearly enough to disrupt the work of the electrical components of the enclosure.

What are the different types of outdoor electrical cabinet climate control options?

Outdoor electrical cabinet Climate Control options: such as cooling fans, air conditioner, heat exchanger and Thermoelectric Cooler (TEC) available. Monitor door open status inside cabinet and provide real time alarm. Monitor water status inside cabinet and provide real time alarm. Monitor shock status inside cabinet and provide real time alarm.
