With the rising demand for reliable and cost-effective energy, Huawei's FusionSolar solution helps businesses harness solar power more effectively, optimize energy consumption, and ...

Huawei has unveiled its latest energy storage solution, LUNA 2000-215 Series, which targets Nigeria's commercial and industrial (CNI) market with innovative technology to tackle energy ...

A key component of the series, the FusionSolar C& I LUNA2000-215-2S10, introduces advanced energy storage solutions with a focus on system safety, refined management, and ...

Over the past year, Huawei has deployed advanced solar systems with energy storage solutions for commercial, industrial, and public sector projects, including universities, banks,...

Huawei's Cruise Ni launched the Hybrid LUNA2000-215 Series in Lagos, citing Nigeria's frequent grid collapse as the inspiration for the world's first hybrid-cooled energy storage system.

Huawei Digital Power and CNI joined forces to host the "Solar PV and Energy Storage Dialogue," a key event aimed at accelerating the adoption of renewable energy in Nigeria.

Huawei Nigeria Digital Power has introduced an innovative product, the LUNA2000-215 Series, the world's first hybrid air and liquid cooling commercial and industrial energy storage solution.

Explore the features of the Huawei LUNA2000-215, a hybrid energy storage system designed for Nigeria's energy challenges.

It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. It builds a product ecosystem centered on solar inverters, charge ...
