Who won a solar PV project in Japan?

Big winners included Bison Energy, a global renewable energy developer established in 2016, with a track record of solar PV projects in Japan. Bison Energy was awarded 195,753kW for three projects: one in Fukushima prefecture (129,797kW), one in Niigata prefecture (37,827kW) and one in Fukui prefecture (30,129kW).

What is Sungrow Japan doing at Smart Energy Week 2025?

Tokyo, Japan - February 25, 2025-- During Smart Energy Week 2025, Sungrow Japan signed an agreement with Sun Village Co., Ltd., a pioneer in developing non-FIT solar power plants, for the procurement and sales of grid-scale energy storage systems in Tokyo.

Why is Sun village expanding its battery storage projects in Japan?

As the role of grid-scale energy storage systems gains importance in ensuring stable grid operations and promoting renewable energy adoption, Sun Village is expanding its battery storage development projects across Japan.

What is Japan's energy storage policy?

As policy, technology, and decarbonization goals converge, Japan is positioning energy storage as a critical link between its climate targets and energy reliability. Japan's energy storage policy is anchored by the Ministry of Economy, Trade and Industry (METI), which outlined its ambitions in the 6th Strategic Energy Plan, adopted in 2021.

Chinese solar PV and battery manufacturers have also been ramping up their interest in Japan recently, with battery maker CATL this summer ordering a BESS solution from Hitachi Energy for a large-scale ...

Procurement Procedures In 70 percent of PFI projects, the contractor is selected through open tendering, while the remaining 30 percent use a public-invitation proposal system (one type of ...

27 grid-scale BESS projects secure 34.6B yen through METI's FY2024 storage subsidy program Enehub

Archive &#183; January 27, 2025

A total of 26 battery energy storage projects in Japan have been selected for contracts through the Long-Term Decarbonisation Power Source Auction (LTDA) for 2024.

Tokyo, Japan - February 25, 2025-- During Smart Energy Week 2025, Sungrow Japan signed an agreement with Sun Village Co., Ltd., a pioneer in developing non-FIT solar power plants, for the ...

Under this agreement, Sun Village plans to deploy approximately 500 MWh of Sungrow's PowerTitan and PowerStack series energy storage systems in battery storage power plants across ...

Japan's energy storage policies, market statistics, and trends--from METI's strategic plans and subsidy programs to deployment challenges.
