Fast charging for long-distance travel on highways and expressways. Commercial charging hubs in urban and business districts. Public and private parking lot charging solutions. Dedicated charging ...

SUNWODA's Outdoor Liquid Cooling Cabinet is built using innovative liquid cooling technology and is fully-integrated modular and compact energy storage system designed for ease of ...

Ideal for peak shaving, load shifting, and backup power, this system provides a sustainable and cost-effective energy storage solution.

The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ensures ...

HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Modular "All-In-One" integrated single cabinet design for ease of transportation, convenient shipping, and straightforward maintenance. Multi-level fire protection system, graded isolation interlocking ...

Modular design with high energy density, compatible with 500V~1500V system. Back-to-back or left and right installation saving a footprint above 50%.

The liquid cooling thermal management system for the energy storage cabin includes liquid cooling units, liquid cooling pipes, and coolant. The unit achieves cooling or heating of the coolant through ...

The standard liquid cooling energy storage cabinet achieves 40% better thermal stability than air-based systems, according to 2023 data from the International Renewable Energy Agency.
