-----  
Where is Bess located?

1. Address: 1F, Building 2, No. 1876, Chenqiao Road, Fengxian District, Shanghai, China 2. Phone: 008613816499542 3. Email: [email protected] China's leading BESS company, dedicated to developing the best battery energy storage system and improve the efficiency of renewable energy storage.

Will Jeju auction lead to a Bess industry in Korea?

The Jeju auction is expected to be the beginning of the formation of a significant BESS industry in Korea. The 10th Plan also included plans to expand the BESS offtake market into mainland Korea, citing an expected need of 125GWh by 2036 to support growing renewable targets.

Does EQUIS have a Bess project in Korea?

Equis is successfully leveraging its extensive BESS track record in Korea, having owned and operated a 207MWh peak-shaving BESS project in Incheon and Pohang, the largest in Korea at the time, as well as currently operating a 75MWh solar-connected BESS project in Sinan County.

What will be the largest Bess project in Jeju?

At 140MWh of contracted capacity, the Project will be the single largest BESS project in Jeju and the first of its kind under the newly created capacity market structure.
