Are cabinet doors UL 414 certified?

Cabinets are provided with hinged door and 3 point heavy duty handle that will accommodate all requirements from sealing rings, barrel locks, padlocks, plus dual padlocks for owner /utility dual locking provision. Cabinets are ETL listed and labeled as per UL 414. Cabinets meet all Nema and NEC code standards.

What is a current transformer cabinet?

Current transformer cabinets are essential for safely housing current transformers that convert high primary currents into smaller, measurable secondary currents used for metering and protection. Built to meet UL Type 1 and NEMA Type 3R standards, these cabinets protect against accidental contact, environmental factors, and electrical hazards.

Cabinets are constructed of aluminum and rated NEMA 3R for indoor or outdoor use. The hinged door employs a 3-point latch and has provisions for padlocking. 600 MCM load lugs are provided in ...
