Can You custom make a battery pack?

We can custom make a battery pack that meets your necessary specifications. **WHY CHOOSE US?** There is a lot of specificity when it comes to custom battery packs. You need the exact pack that will fit in your device with the exact voltage and capacity with a specific connector, and we have exactly what you need.

Why should I Choose US for a custom battery pack?

WHY CHOOSE US? There is a lot of specificity when it comes to custom battery packs. You need the exact pack that will fit in your device with the exact voltage and capacity with a specific connector, and we have exactly what you need. We have years of experience in the custom battery pack department, making packs of all kinds.

Is a custom battery pack better than a lithium-ion battery pack?

In some instances, a custom NiMH battery pack or custom alkaline battery pack may perform better than a lithium-ion battery pack, while keeping your costs lower. When involving our team of engineers early on in the design process, we can help assist you in choosing the proper custom battery solutions for your needs.

Who makes custom lithium-ion battery packs?

As a pioneer in future-ready power solutions, CMB is your trusted partner for custom lithium-ion battery packs. CMB's 21700 Li-ion battery packs offer advanced lithium-ion battery technology in compact and high-energy-density packaging. They provide superior power and longevity suitable for various applications.

Explore a wide range of custom battery pack assemblies in various chemicals and styles. Contact us to get a quote tailored to your specific application!

Create packs using new or existing lithium cells, adjust capacity & voltage, and visualize your configuration instantly. Perfect for DIYers, engineers, and battery enthusiasts!

With over 20 years of experience and hundreds of customized battery designs, AMPXELL is uniquely qualified to develop high-quality battery packs tailored to your specific applications.

Looking for a custom battery pack? Look no further than Rose Batteries. We design and build battery packs for a variety of applications, from medical devices to portable electronics. Visit our website ...

Pack battery customization service

At BatterySpace, we provide all your needs for custom batteries. We carry a full line of different kinds of batteries, as well as top brand batteries in our US warehouse.

From lithium-ion to NiCd and alkaline, we design and build battery packs tailored to your needs. Get reliable, high-performance power for any application.

Can't find the battery pack you need? Contact us down below about the battery pack you are looking for and we can help! We can custom make a battery pack that meets your necessary specifications.

Although we carry an incredible inventory of battery packs for nearly every application, we know that sometimes there is a need for a custom application or a pack built to specification.

At CM Batteries, we serve our customers at every stage of their custom lithium-ion battery pack journey, offering a user-friendly experience from initial concept to final product delivery.
