Reliable Support high discharge power. IP54, natural cooling, wide temperature range: -20?to 55?Flexible Modular design, easy to expand, Suited to residential and commercial applications for ...

This is a 500KW small-scale commercial and industrial energy storage system. It can store electricity through photovoltaic, diesel generators, and other means, ...

Provides a high degree of environmental protection with high heat dissipation and wide operating temperature range. Other versions to special order. The Eaton® ExoCab18 outdoor cabinet belongs to ...

It can deliver up to 222.2 kWb (Li7) or 263 kWb (Li5) in 600 mm wide cabinet. It is designed to operate at higher temperatures of up to 30 C and optimized for either 5- or 7-minute runtime. Built with lithium ...

Support max. 4 cabinets in parallel, friendly for medium-sized project integrators.

IP55 rated, wide temperature range, supports parallel expansion up to 76.8kWh, built-in fire protection, and remote monitoring. Perfect for hospitals, schools, agriculture, and commercial use.

This integrated energy storage solution widely used in power systems, industrial, and commercial applications. All-in-one design, store the leading brands of 19" rack mount type lithium batteries, ...

It operates within a wide temperature range of -20~50?, making it suitable for various environments. Our energy storage system features an all-in-one design, incorporating battery modules, BMS, and ...

This is a 500KW small-scale commercial and industrial energy storage system. It can store electricity through photovoltaic, diesel generators, and other means, with off-grid design.

This durable, outdoor network enclosure comes with a power supply that provides up to 350W (55V DC,

Port Power Storage Cabinet Wide Temperature Range

6.3A) of power to industrial equipment, such as PoE switches, injectors and wireless access points.
