Power Hub includes the Cable Pack with 5 space-saving cables with lengths of 15 and 20 feet. Each cable plugs directly into the Power Hub. Power Kit Components include an EcoFlow 5-Year Limited ...

Unlike other RV power solutions, Power Kits combine five components into one Power Hub that deals with all your power needs, saving you space, money, and set-up hassle.

We made our modular system plug-and-play so you can quickly customize your van power whenever you want. Simply stack a battery to increase capacity, or plug in a solar panel for faster charging.

4kWh Power Kits offer energy for carefree off-grid living and RV trips. Expand this kit to 6kWh by adding another battery. Easy Set Up: The integrated EcoFlow Power Hub has a simple plug-and-play ...

This modular power kit lets you charge, store, and use energy anytime and ...

Our 4kW ECOFLOW Independence Power Kit (48V) creates a comfortable living environment for your RV, Cottage, Camp, Out Building or Small Home and are expandable to 10kW or 15kWh extra batteries.

Introducing the EcoFlow Power Kit (4 kWh) - the world"s first integrated, plug-and-play off-grid power solution designed especially for camper vans, motor homes, trailers and RVs of any kind.

This modular power kit lets you charge, store, and use energy anytime and anywhere. A plug-and-play system that will do wonders for your power needs whether it be in your RV or living Off-grid.

Our team of electrical engineering experts have designed industry-leading off-grid power solutions featuring state-of-the-art lithium batteries, power management devices and solar panels that make it ...
