Where can I buy lead acid batteries in Singapore?

RS is your trusted supplier and distributor for lead acid batteries in Singapore. From sealed lead acid batteries (SLA) to deep cycle batteries for backup power, motive power, or renewable energy applications, browse our online range to find battery solutions from popular brands such as Yuasa, Siemens, Panasonic, and more.

What is a sealed lead acid battery (SLA)?

A sealed lead acid battery (SLA), also known as Valve Regulated Lead Acid (VRLA) batteries or maintenance-free lead acid battery, offers numerous advantages that make them a popular choice for various applications. Here are some of their key benefits:

What is a lead acid battery?

Lead acid batteries are a robust and cost-effective energy storage solution known for their ability to deliver high surge currents, making them ideal for applications with large power demands.

Which batteries are available in Singapore?

In addition to the Panasonic products and Yuasa product that we are licensed to distribute in Singapore and regional countries. Besides, Yuasa and Yuvolt VRLA lead acid batteries and Panasonic Lithium batteries, we do have our own brand Limax LiFePO₄ Lithium LFP deep cycle batteries and Spiral batteries.

C& D Stationary Battery Cabinet offerings are designed to meet the latest UL standards. They feature an improved cooling profiles to maintain optimal battery life.

They offer the appropriate fire resistant cabinet across a range of sectors such as pharmaceutical, academia, industrial and agricultural, providing safe and legally compliant storage.

Our engineers work closely with our clients in designing battery cabinets that are mechanically robust, with electrical disconnects at the correct locations as well as sturdy battery storage shelves.

EverExceed VRLA battery cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications.
