At SustainGroup, we design and deliver containerised off-grid Solar and Battery Energy Storage Systems (BESS) that are built to perform where others fail. Our off-grid solutions are engineered for ...

Multiple cabinets can be directly connected in parallel to expand the capacity of the energy storage system and allow plug-and-play.

Ezra Group, a South Sudan family-run conglomerate, on Monday announced the launch of a 20-MW solar power plant with a 14-MWh battery energy storage system in South ...

Ezra Construction & Development Group remains committed to exploring cleaner and more cost-effective electricity alternatives. The Group's ongoing efforts aim to reduce energy costs ...

Ideal for retail stores, restaurants, small factories, telecom base stations, and temporary event sites, these cabinets combine rugged protection (IP54), integrated inverters, and scalable rack-mounted ...

A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is expected to ...

Our dual bay module increases usable energy and can scale up to 48 cabinets in on and off-grid connected applications. These systems are designed with the same MPPT technology and leading ...

The 20MW solar facility is capable of supplying power to approximately 16,000 households in Juba, offering a significant reduction in energy prices and enhancing grid stability.

South Sudan launches solar-BESS project to expand grid access, replacing diesel generators and boosting energy for underserved regions.

South sudan off-grid bess cabinet scalable

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...
