What services does southwest industrial systems offer?

SouthWest Industrial Systems offers design, engineering, and support services in addition to manufacturing and assembly capability. Our engineers and support personnel are available to assist or assume responsibility for field installation and start-up if desired.

Who is southwest industrial sales?

At Southwest Industrial Sales, we deliver precision CNC machining, UL508A industrial control panels, electromechanical assembly, fabrication, and supply chain solutions -- all under one roof. Built fast. Built right. Built in the USA. We don't cut corners--our quality systems are certified and audited.

Where is Southwest Industrial Systems located?

SouthWest Industrial Systems is located in Huntington Beach, California. The Huntington Beach location offers convenient and easy access to interstate freeways and is within easy driving distance of Los Angeles International Airport and a variety of municipal airports, as well as the Ports of Long Beach and Los Angeles.

Are icotek grommets IP54 or up68?

IP ratings from IP54 all the way to UP68 offer users the choices needed to apply icotek grommets to protect cables in any environment. Grommets from icotek also offer features such as strain relief, shield grounding, and multiple cable passages through a single unit. Click [HERE](#) to learn more.
