Rely on Wesgar to produce your customized, high-quality L-ion battery enclosures and take care of your unique needs.

With a focus on OEM services, we work closely with manufacturers to ensure that our cabinets meet your specific requirements, offering customization that aligns with your brand's unique needs, ...

With over a decade in the energy storage sector, EK SOLAR specializes in Sucre lithium battery pack processing and customization. Our solutions are trusted by clients in 30+ countries, from EV startups ...

As electric vehicles (EVs), renewable energy storage systems, and portable electronic devices become more common, the demand for custom high-voltage lithium battery packs has surged.

Our capabilities include: laser cutting, CNC forming, precision welding, powder coating, screen printing, assembly, and complete packaging solutions for battery enclosure systems.

Introducing our cutting-edge lithium iron phosphate container BESS solar battery energy storage system, ranging from 250KW to 1200KW. As a factory, we ensure top-notch ...

With 14 years of experience and over 3,500 successful custom battery deliveries, we design and manufacture lithium battery packs to meet diverse industry needs.

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. Technological advancements are dramatically improving solar storage ...

Li-ion battery packs manufactured by Gushine are engineered for a wide range of applications, from handheld

Sucre solar battery cabinet lithium battery pack processing and customization

terminals and smart hardware to robotics and medical devices. As a full custom solution ...

Saphiion specializes in designing custom lithium-ion 18650 battery, 21700 battery and lifepo4 battery in various specifications, sizes, and shapes to meet your unique needs that vow your success!
