What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature,moisture,ice,shock hazards,and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed,fabricated,and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality,faster lead times,and complete Build America,Buy America (BABA) self-certification documentation with every order.
