What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

What are battery storage and containment products?

Battery storage and containment products help users safely store lithium-ion, lead-acid, and other high-capacity batteries. Lithium-ion battery safety cabinets are constructed with ventilation to keep batteries cool and feature sealing around their doors to help contain the fire and fumes from a battery fire.

What are lithium-ion battery storage cases?

Lithium-ion battery storage cases are handheld cases that protect batteries during transportation, contain any battery fires, and allow them to be easily moved by hand. Lithium-ion battery containment kits contain various products that help users contain and dispose of malfunctioning batteries.
