With the BOLAB AnyWave control unit, you can control your power supplies and execute any waveform you desire. Whether you want simple sine waves, complex signal shapes, or specific test profiles, ...

Our DIY wood sign workshop and projects in South Brunswick, NJ teaches you how to make custom wood signs that you can use for creating décor pieces for your home.

ITECH IT-M3906D-1500-12 High power DC power supply (1500V, 12A, 6kW) is a single channel output programmable DC power supply. The density structure design can effectively save rack space.

These modules are used in distributed power architectures to efficiently step-down (buck) or step-up (boost) voltages close to the load for improved efficiency.

The Magna-Power TS1500-9.9 is a TS Series programmable DC power supply with the following characteristics: The Magna-Power TS Series offers many models spanning a wide voltage and ...

Its constant power output significantly expands the voltage and current range compared to traditional power supplies. Programming is simple via the front-panel UI, web interface, or Ethernet.

All models are CE and UKCA marked in accordance with the Low Voltage, EMC and RoHS Directives, have worldwide Safety Agency approvals (UL/cUL/IEC/EN 61010-1) and offer a five year warranty.

Our DIY wood sign workshop in Valparaiso teaches you how to make custom wood signs that you can use for creating décor pieces for your home.

Product Description WPS-S Series High-Power Wide Range Programmable DC Power Supply, which covers different power levels 1.5kW, 3kW, 5kW, 6kW, 10KW, 12KW, and 18KW. This ...

Workshop communication power supply cabinet 1500V

In many ATE systems one or more low-power, fixed-voltage supplies are needed to provide electrical power for any periphery within the ATE cabinet. For this purpose, the XG 1500 DC output power ...
